2-YEAR WARRANTY CONDITIONS FOR THE EARTH Solar Solution PRODUCTS

1

The company EARTH Solar Solution (hereinafter also: Manufacturer) offers a 2-year warranty to the buyers of its products under conditions set out hereafter.

1.1

The 2-year warranty applies to the functional defects of the EARTH Solar Solution products (hereinafter: products) resulting from the defectiveness of the material being used or irregularities in the EARTH Solar Solution production process, provided that the product is mounted and used in accordance with the Manufacturer's instructions and requirements set out hereafter.

2

Each EARTH Solar Solution's buyer of the EARTH Solar Solution lighting products, who has fulfilled all maturing liabilities, may ask for the 2-year warranty for the products from the invoice within 90 days of the payment date.

2.1

A third party, who acquired the right to claim the warranty, should make available both of original invoice and payment invoice.

2.2

After the application is delivered and the payment made, the contract, i.e. the warranty, is already considered active and valid, so every defect intercurrent in the time between the payment/application and the delivery of the warranty certificate should be covered by the warranty too.

3

Products, for which the warranty provided in the clause 2.1 is given, the Manufacturer will repair or replace at its discretion with the products of the same type and, at least, the same quality at its headquarters at its own expense.

3.1

The EARTH Solar Solution will not cover the expenses of neither transport, nor delivery, nor assembling or any other similar expenses.

4

The 2-year warranty shall apply under following conditions:

- The product has been mounted by a person authorized by EARTH Solar Solution and in accordance with the Manufacturer's instructions;
- The maintenance work on the product has been conducted by a person authorized by the EARTH Solar Solution in accordance with the Manufacturer's instructions;
- The product has been using the lighting sources that correspond to the IEC specifications;
- The temperature and voltage have never exceeded the limit values for electrical components;
- The product has never been subjected to the loads that are inconsistent with its normal use.

5

The 2-year warranty shall not apply in the event of:

1. The product is not used in accordance with the Manufacturer's instructions;
2. The product is used for purposes other than those for which it was designed;
3. The incorrect assembly of the product;
4. Mechanical damage and faults caused by the Buyer's or third party's incorrect handling of the product;
5. Damage and faults caused by natural disasters (lightning, earthquake, fire, floods etc.);
6. Damage and faults caused by the incorrect electrical voltage (for example, electrical stroke and similar);
7. Repairs and interventions in products by unauthorized persons;
8. Any modifications of the product.

5.1

The 2-year warranty shall not cover:

- Any damages (direct, indirect, and similar) resulting from mistakes provided in the clause 1.1;
- The expenses to make the proper reparations and/or substitutions have to beared by the manufacturer, whereas any other expense like transportation, delivery, new installation is on the buyer.
- The decreasing of luminous flux in the case of the LED modules up to 0,6% every 1000 hours of the use.

6

The compliance with the conditions of the clauses 4.0 and 5.0 shall be proved by the entitled person of the 2-year warranty certificate.

7

For all the issues not entailed by the certificate the general conditions set out in the contract shall apply even at the time of the issue of the same certificate.

7.1

With the delivery of the application from the clause 2, the Buyer confirms that he or she is familiar with the General conditions of the Contract by the Company EARTH Solar Solution and agrees, without reservation, with the above mentioned provisions.
